FOR TENDER

Australian Government

Department of Transport and Regional Services

EXPRESSIONS OF INTEREST INVITED
Sustainable Regions Programme

The Far North East New South Wales Sustainable Region Advisory Committee is again inviting expressions of interest for financial assistance under the Australian Government's *Sustainable Regions Programme*.

\$8 million is available until mid-2006 for regional development projects in the Far North East New South Wales Region. Expressions of interest are welcome from community-based organisations, the private sector and local government.

Full documentation can be obtained from the Advisory Committee's Executive Officer, who is also available to help organisations develop their proposals.

A total of up to \$12 million is available for Far North East New South Wales under *Sustainable Regions*. The Government has already invested \$3.9 million in the region for 15 projects worth \$10.5 million. The two most recently funded projects are:

- Surfing Australia, Casuarina Beach - High Performance Training Centre and Surf School
- WetlandCare Australia, Ballina - Fish Unlimited project

Further information:

Ruth Povall
Executive Officer
